**Program Description**

Catholic Charities is a State Certified Outpatient Mental Health Facility providing outpatient counseling for individuals, families, children and couples. Catholic Charities' therapists also provide counseling for older adults and for individuals with cognitive and physical disabilities. Third party payers, Medicare, Medical Assistance, and Badger Care are accepted, as well as private, self-pay. Private, self-pay fees are determined on a sliding scale based on an individual's ability to pay.

Counseling helps people to understand their personal needs, focus on the cause of their problems and determine ways to resolve or cope with those problems. Some problems in life are too difficult to handle alone. When problems like tensions in a marriage, behavioral issues with a teen or pre-teen, depression, anxiety or daily stressors overwhelm your life - it's good to know you don't have to walk that road alone. Counseling helps people to understand their personal needs, focus on the cause of their problems and determine ways to resolve or cope with those problems.
